DATE OF SESSION: 22 FEB 88

DATE OF REPORT: 23 FEB 88

START: 1321

END: 1400

METHODOLOGY: CRV

VIEWER IDENTIFIER: 095

1. (S/NF/SK) MISSION: See tasking data sheet, attached.
2. (S/NF/SK) VIEWER TASKING: After Stage 1, the viewer was provided, in turn, with the cues person, B10, and connection with LTC Higgins.

Unfortunately, the monitor attempted some methodological "short cuts" with during the session with 095 (an inexperienced viewer), resulting in a less-than-desirable product. Nevertheless, the viewer remained in structure (in spite of the curves thrown by the monitor); the data, although scanty, is good.
3. (S/NF/SK) COMMENTS: See above.

(FOURTEEN)

Site is a tall, middle-aged, lean, bony, (aol ectomorph) dark (aol india indian) male, who is lanky with rounded bony shoulders but is not weak. He has a face like (AOL/S) an eagle. He is wearing a garment (AOL robe) with a high, straight collar. He is standing, pacing, gauging. He is in a big, high building with a view in an area that is environmentally/ecologically different (drier, more desolate) from Tyre.
